Message from Dr. Michael

Dear TCIS Families,

As we move into November, I am delighted to celebrate the accomplishments of our students and look ahead to the exciting opportunities awaiting our school community. At TCIS, we believe education extends beyond academic achievement to developing character, encouraging curiosity, and preparing students to become confident, compassionate global citizens.

Celebrating Academic Excellence and Leadership

This coming week, we look forward to our **National Honor Society** ceremonies, where we will recognize students who exemplify scholarship, leadership, service, and character. These important celebrations reflect the values we strive to develop in every TCIS student. I look forward to honoring our students' achievements and recognizing the dedication of our teachers, advisors, and families who support their growth and success. National Honor Society Event Poster

Week Without Walls: Learning Beyond the Classroom

We are eagerly anticipating Week Without Walls coming in November - one of the highlights of our school year. Across all divisions, from ECE through high school, students will participate in meaningful experiences that take learning beyond the traditional classroom. Whether through hands-on activities, outdoor adventures, cultural exploration, or educational trips within Thailand and abroad, students will have opportunities to build independence, strengthen friendships, develop resilience, and broaden their perspectives.

These experiences reflect our commitment to educating the whole child and helping students develop the skills and confidence needed to thrive in an increasingly interconnected world. I extend my sincere appreciation to our faculty and staff for their dedication in planning these opportunities and to our families for their continued trust and support.

Looking Ahead

I am continually inspired by the enthusiasm of our students, the dedication of our educators, and the strong partnership we share with our families. Together, we continue to build a school community where excellence, character, and meaningful learning are at the heart of everything we do.

Thank you for your continued support and for being an important part of the TCIS community.

Warm regards,

Dr. Michael

ECE/ES Counselors Corner:

Dear TCIS Family,

A Warm Welcome to November, TCIS Family!
As we step into a new month, I want to take a moment to say hello and share a little reflection from the counseling office.

Looking Back at October
We closed the month with our Halloween celebration, full of creativity, laughter, and costumes that made us smile. Events like these are more than just fun. They help students build friendships, express themselves, and feel a true sense of belonging at school.

A Little Something for November
A new month is a great chance for a fresh start. Here are a few gentle reminders for students and families

- Check in on feelings. Ask your child, “What was the best part of your day, and what was the hardest?” Both answers are worth listening to.
- Celebrate small wins. Effort, kindness, and bravery deserve just as much recognition as grades.
- Keep routines steady. Regular sleep, meals, and downtime help children feel calm and ready to learn.

Wishing every student, parent, and teacher a month full of learning, kindness, and joy. Thank you for being part of such a caring community

Kind regards,

Dear Parents,

It is also wonderful to see how PK2 students are developing a favorable outlook toward learning. They are becoming more independent, confident, and motivated to try new things. Their enthusiasm encourages them to explore different concepts, solve simple problems, and develop new skills through play and meaningful experiences.

Furthermore, the children are gradually strengthening their social and communication skills by working together, taking turns, sharing materials, and building positive relationships with their classmates. Their active participation and willingness to learn create a joyful and supportive learning environment.

Dear Parents,

This has been a fun-filled month as we reached the midway point of our unit, Who We Are and prepared for Halloween. The students had enormous fun learning new vocabulary: pumpkin, witch, jack-o-lantern, black cat, trick-or-treat and ghost. We used sponges and paint to create a textured pumpkin, followed by cutting skills as we put our knowledge of shapes to good use and cut a variety of patterns for our jack-o-lanterns. The learning continued as we slowly progressed into our occupation unit.

Class: Kindergarten A Teacher: Ms. Joy TA: Ms. Toon

Dear Parents,

Our kindergarteners have been extraordinarily busy, bringing so much energy and joy to our school!

In the classroom, our young learners have been diving deep into phonics, exploring short and long vowel sounds to grow their reading confidence. During shared reading, they've been practicing the art of "sneak peeking"—looking at book covers and illustrations to predict what stories are all about before turning the page!

October ended with a spooky splash as students dressed up for Halloween, trick-or-treated from classroom to classroom, and bounced the day away on the bouncy castles!

To top it all off, our little stars truly shone during "Roar and Soar: The KG Animal Show." After working so hard on their habitat models, students showcased their English speaking skills by taking turns hosting the ceremony. Dressed as their favorite animals, they proudly displayed their habitats and explained how their animals live and stay safe. We couldn't be prouder of their hard work and confidence!

PK4 explored different types of kites (ฟ้), made their own paper kites, and enjoyed flying them together on the school field.

Class: Thai PK2 / KG Teacher: Kru Pat

Dear Parents,

Our PK2 students are learning about the five senses through fun activities! They are exploring the world by seeing, hearing, smelling, tasting, and touching. These hands-on activities help them learn, explore, and discover new things!

Our KG students are improving their reading and writing skills by practicing long vowel sounds! They are learning new words and becoming more confident every day.Great job, KG students! Keep up the amazing work!

Class: Chinese PK2 Teacher: Ms. Jamie

Dear Parents,

In PK2 Chinese class, we have been learning about body parts, especially the eyes, nose, mouth, and ears. We made Halloween pumpkin faces to help the students learn these words in Chinese. Besides learning Chinese, the students also practiced their fine motor skills through fun activities. They pulled cotton apart, cut straws with the teacher, and threaded pieces together. These activities help improve their hand-eye coordination. Our PK2 students are doing a great job! It's wonderful to see them learning and making progress every day!

Personal Data Protection Act (PDPA)

The Thailand Personal Data Protection Act (PDPA)

- The **P**ersonal **D**ata **P**rotection **A**ct B.E. 2562 (2019) (**PDPA**) was published on 27 May 2019 in Thailand's Government Gazette.
  (English, Thai)
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: • racial or ethnic origin • political opinions • religious or philosophical beliefs • sexual behavior • criminal records • health data, disability • trade union information • genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of
(i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get

consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current PDPA information.
