Please Keep Sick Children Home From School

Stay Home with These Symptoms:

- High Fever
- Persistent coughing
- Diarrhea
- Vomiting
- Headache
- Stomach ache

Stay Home if Diagnosed with:

- Influenza
- Conjunctivitis (pink eye)
- Pneumonia
- Norovirus
- Human Metapneumovirus (hMPV)
- Hand-Foot-Mouth
- Respiratory Syncytial Virus (RSV)
- Any Contagious Disease/Illness

Keeping a sick child at home will help them to recover and will protect other students at school

Message from Dr. Michael

Dear TCIS Family,

Ri-Xin Elementary School Visited Our Campus

A big thank you to **Mr. Tony** for hosting the **Ri-Xin Elementary School** from Taiwan last week. Our guests enjoyed a full schedule, including a school tour, participation in **Wolf Day**, classroom visits, and a trip to **Safari World**. Special thanks to our **Grade 6 students—Huei, Tanya, Julia, and Shawna**—for their warm hospitality and help in making our visitors feel welcome. You represented TCIS with pride and kindness. Thank you to everyone who contributed to making this visit a success. I'm sure the visiting students will have wonderful stories to share with their families in Taiwan.

WASC Visits

As a WASC-accredited school, TCIS is committed to supporting the accreditation process by participating in WASC Visiting Committee visits to other schools. In line with this commitment, I will be traveling to Vietnam next week as part of a WASC team to visit several schools. These visits are not only a way for us to fulfill our responsibilities as an accredited institution, but they also offer an incredible professional learning opportunity. I look forward to seeing the innovative practices and strengths of other schools and bringing back fresh ideas and inspiration to enhance what we do here at TCIS.

Reflection, Celebration, and Continued Growth

As we near the end of the school year, it's a great time to reflect on the progress we have made together. From improved facilities, positive parent feedback, advancing toward IBDP authorization, and stronger community engagement, it's clear that TCIS is moving forward in the right direction. Most importantly, our students are happy and learning, thanks to the dedication of our entire school community. In the coming weeks, our leadership team will reflect on these successes during our administrative retreat, while continuing to focus on areas for growth. We remain fully committed to our vision:

TCIS – The Best International School in Thailand.

Staff Health Checks

Thank you to our Government Liaison office, our nurses, and our General Affairs for bringing CHG Occupational Health Check-up Center (Chularat 3 International Hospital) to TCIS to facilitate the health checks for our staff. The process went very smoothly, and the doctor and nurses made everyone feel comfortable with their professional demeanor. Our staff really appreciated this service.

Regards,

Dr. Michael

Dear TCIS Family,

Earth Day for Elementary

While ECE had the Earth Day parent-invited event, Earth day was celebrated school-wide. We are happy to share lots of photos of the elementary Earth Day experience. [Earth Day Photos](#)

Spring Concerts 🌸 🎵

Our TCIS ECE Spring Concert and our Elementary Spring Concerts are almost here, and we would love to see you in attendance enjoying the show! Please bring your children to school by

7:20am to allow students time to prepare for the show. The concerts will **take place in the 360**, and start times are below:

- **ECE Spring Concert:** 8:00am - 8:45am, Wednesday, May 14th, 2025 [ECE Spring Concert Poster](#)
- **Elementary Concert:** 8:00am - 8:45am, Friday, May 16th, 2025 [Elementary Concert Poster](#)

TCIS Elementary Talent Show (KG - Grade 4) 🎤 [TCIS Talent \(KG - Grade 4\) Show 2025 Poster](#)

The TCIS Elementary Talent Show (KG - Grade 4) will take place in the 5th floor gym at:

- 8:00am, Thursday, June 12th, 2025

We are thrilled to announce that ECE and elementary parents are invited to attend the show! This is a wonderful opportunity for us to build community and for you to see your children shine on stage.

Even more exciting—**parents may have an opportunity to perform with their children! Show us your talent alongside your child!**

Students from **Kindergarten through Grade 4** can sign up to perform:

- Individually
- In groups, or
- With a parent!

There will be a **vetting process** to select approximately **15 of the best performances** for the final show.

- All performances and outfits must be **school-appropriate**.
- If using music, please ensure the lyrics are suitable for a school environment. If you're unsure, we are happy to help review it.
- Some talents might be singing, playing an instrument, a sports type talent (juggling, gymnastics, etc), magic, etc.

Sign-Up Deadline: Friday, May 16th, 2025

- Here is the [Sign Up Form](#)
- Please email Ms. Brianna brianna.edghill@tcis.ac.th & Kru Cream cream@tcis.ac.th if you have issues submitting

Event Parking

Parking for both Spring Concerts, as well as the Talent Show, will be available in the parking garage, the DIY Parking, and the back parking lot. Parking on the basketball court will open up at 7:30am.

Let's make this year's show an unforgettable celebration and community bonding experience!

Kind regards,

Dr. James james.cooke@tcis.ac.th

Dear Parents,

April showers bring May flowers! Or in Thailand's case, April heat brings more May heat! Last month, we celebrated Songkran and had a blast in the water-throwing celebrations. Between the holidays, we strengthened our learning in Math (beginning to add double digit numbers!), Science (diving into the wonders of sound and light), and English (learning to be the bosses of our reading). In addition, we celebrated Earth Day by planting some flowers and seeds to grow outside our classroom. This coming month is our last FULL month of Grade 1 and we are so excited to see more growth and learning from these kids.

Dear Parents,

We've been busy in science with lots of fun, hands-on experiments exploring light and sound—ask your child what they've discovered! We're also kicking off our *Celebration of Reading*! Students will be recording themselves reading books, so we've been working hard on fluency to make our reading sound amazing. Let's keep up the great work!

Dear Parents,

If you ask most students in 2A, they'd tell you Science is their favorite class! We have so much fun every week conducting experiments and using our awesome observation and reasoning skills! This final unit of Mystery Science is all about properties of materials and their functions. Our latest experiment was testing whether or not certain candies would melt easily. What a treat! Check out some photos below of the fun we had!

Dear Parents,

2B Making a Splash with Mr. G!

If your child came home last month raving about dousing their teacher in water—don't worry, it was *mostly* intentional! We had an absolute blast celebrating Songkran, and let's be honest, splashing Mr. G might be the highlight of second grade for some. But believe it or not, we've also been busy learning! Our writers have been zooming in on small moments to craft detailed stories, our mathematicians are becoming pros at mentally adding by 10s and 100s, and in STEM, we've been exploring the properties of materials like true young scientists (who knew plastic and metal could be so interesting?). It's been a fun-filled, learning-packed month in 2B—and yes, Mr. G is still drying off.

Dear Parents,

Class 3A had an amazing time diving into the world of real-life people after finishing their character studies unit! Each student picked a fascinating biography to read and loved discovering interesting facts about their person's life. They filled out detailed biography fact files and created exciting timelines that showed all the important events—from childhood moments to big accomplishments. The classroom was buzzing with energy as students shared cool stories and surprising facts. It was so exciting to see how engaged and enthusiastic everyone was while learning about inspiring people from history and today!

Dear Parents,

May is full of learning adventures! In Reading, we explore *Research Clubs*, comparing frogs and penguins while asking questions and forming big ideas. Students discover how nonfiction can inspire real-world change. In Writing, we dive into *Once Upon a Time*, creating original fairy tales with lively characters, challenges, and magical resolutions. In Math, we focus on *measurement*—estimating time, volume, and mass while solving real-world problems. In Science, *Invisible Forces Unit* has us exploring motion, gravity, friction, and magnetism through fun experiments and problem-solving. Exciting discoveries await!

Dear Parents,

This month has been filled with both academic progress and exciting experiences! In math, students learned about lines, angles, and how to use protractors. In science, we explored different forms of energy and electricity through engaging activities. In literacy, we finished reading *Wonder* and are now beginning to write literary essays. We also read *I Survived the Attacks of September 11, 2001* and are creating news broadcast videos to share what we've learned. Outside the classroom, students performed confidently in the monthly elementary assembly and celebrated Earth Day by potting flowers. They also had the chance to observe middle school classes and practice following a more independent schedule. It's been a well-rounded and rewarding month!

Dear Parents,

4B enjoyed the Songkran festival and we are ready to finish the year strong! We have finished our class novel, Wonder, and we are preparing to write literary essays covering different character traits. In math, we have been learning how to measure angles using protractors and in science we have been studying different forms of electricity. We spent time shadowing middle schoolers to prepare for our transition next year, and we are looking forward to graduation next month!

Thai Teacher: Kru NongSong

Dear Parents,

Over the past several weeks, students in G.1 Thai MT, G.3 Thai FT, and G.4 Thai FT have been learning about various aspects of Thai culture. They explored topics such as the Thai national anthem, the meaning of the Thai flag, the map of Thailand, Songkran Festival activities, traditional Thai garland making, the ASEAN community, Earth Day, and more. Through hands-on activities, the students were able to engage deeply with the content, making their learning more meaningful, enjoyable, and long-lasting.

Dear Parents,

In CFB classes, each class has been preparing for the Chinese Handwriting Competition. Practicing Chinese handwriting not only helps students learn the language but also nurtures their patience and focus. In addition, our G3 CFB students have started learning about Culture Week. Based on the lesson content, we explored traditional activities in class, such as writing calligraphy with a Chinese writing brush and using chopsticks to pick up beans (and raisins) – a fun and meaningful experience. Moreover, all CFB students have made great progress in listening, speaking, reading, writing, and learning new Chinese vocabulary.

Dear Parents,

Over the past few weeks, G1 CMT students put in great effort and dedication as they practiced for the Chinese penmanship competition. Everyone made meaningful progress and showed real commitment. In the end, a few students were chosen to take part in the competition, and we're proud of what each and every student achieved along the way. G2 CMT students received letters from their friends at 日新國小 and joyfully replied with handmade flowers and notes. We also held fun and engaging activities like group vocabulary challenges and word recognition games. Meanwhile, G3 CFT students are learning about Chinese culture and had a hands-on experience using chopsticks to pick up beans — everyone participated enthusiastically and showed great effort!

Dear Parents,

First, I'm excited to share some great news with you—every student in the G3 and G4 CFT classes has passed the CCCC exam! Please take a moment to praise their hard work and congratulate them on the academic achievement.

Last month, G1 students learned vocabulary related to extended family members. G3 students explored vocabulary related to different cultures through the 'Culture Window' and also participated in hands-on activities such as diabolo spinning and a chopstick competition. G4 students learned about the historical development of Chinese characters and created artwork inspired by oracle bone script, deepening their understanding of the origins and creative process behind Chinese writing.

G1 Family Photo Sharing

Recently our first grade students are sharing their family life. They are using family photos to introduce their family members. We loved this unit and seeing the students' family portraits and photos of their colorful lives.

Dear Parents,

First, I received the results of the CCCC exam today, and I'm delighted to share that all 3CMT and 4CMT students passed the exam. Please join me in congratulating your children for their dedication and hard work in learning Chinese and for earning the Children's Chinese Language Proficiency Certification.

Second, our Grade 4 Mother Tongue class welcomed a visiting group from Rixin Elementary School in Taipei, Taiwan, on May 7. The students engaged in meaningful interactions, where the visitors introduced delicious treats and fun cultural elements. Together, the students from TCIS and 日新國小 made Mother's Day cards, shared stories about their mothers, and enjoyed a memorable and joyful time together.

Dear Parents,

The first grader students are exploring the art of printmaking through “Monoprinting”. They applied paint onto clear acrylic sheets and pressed paper over their designs to create unique prints. The students were thrilled and delighted by the process, experimenting with various images and proudly sharing their creations with classmates, accompanied by joyful laughter. This experience exemplifies the joy of artistic creation. Well done students, we are so proud of you!

Dear Parents,

ELL students have been practicing their writing skills. Students have learned to use adjectives in sentences to make writing more interesting, they are also learning to write stories, both non-fiction and fiction. We have also started another unit in our curriculum students are learning about different jobs adults may have.

The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: <ul style="list-style-type: none">• racial or ethnic origin• political opinions• religious or philosophical beliefs• sexual behavior• criminal records• health data, disability• trade union information• genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get

consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
