Please Keep Sick Children Home From School

Stay Home with These Symptoms:

- High Fever
- Persistent coughing
- Diarrhea
- Vomiting
- Headache
- Stomach ache

Stay Home if Diagnosed with:

- Influenza
- Conjunctivitis (pink eye)
- Pneumonia
- Norovirus
- Human Metapneumovirus (hMPV)
- Hand-Foot-Mouth
- Respiratory Syncytial Virus (RSV)
- Any Contagious Disease/Illness

Keeping a sick child at home will help them to recover and will protect other students at school

Dear TCIS Family,

What a Week at TCIS!

We've had an incredible week filled with achievement, community spirit, and creativity!

First, we are proud to share that our IB Diploma Programme (IBDP) Authorization Visit went very well. The visiting team had many positive things to say about TCIS, including the strong support from our Board, the vibrant sense of community on campus, and the impressive trilingual abilities of our students. They also highlighted the happiness expressed by our parents in the meetings, especially in regard to the academic, emotional, and social care we provide for each child. We look forward to their final report in the weeks ahead. A big shout out to Ms. Jasmine and the entire IB Committee for so much hard work over the past two years in preparing for this visit and all the paperwork and documents needed for this.

In addition, we want to express deep gratitude to our entire TCIS community for coming together to support disaster relief for the recent earthquake. We were honored to present a donation of 55,000 THB to the Thai Red Cross on behalf of our students, parents, and staff. Your generosity truly reflects the heart of our school.

Finally, our 30th Anniversary Logo Contest has officially closed, with over 100 stunning entries submitted by students, staff, and alumni. The creativity on display was truly inspiring, and we can't wait to announce the winning design very soon!

I just returned from an IB Professional Development Workshop on the Extended Essay. It was a great learning experience.

As we head into May, the campus is buzzing with excitement for our upcoming Promotion and Graduation Ceremonies. These milestone moments are a time to celebrate our students, their achievements, and the bright futures that lie ahead. We can't wait to honor them with you.

Thank you for being such an engaged and supportive community. TCIS continues to grow stronger because of all of you.

Regards,

Dr. Michael

Dear TCIS Family,

Coronation Day - No School Monday, May 5th, 2025.

In recognition of **Coronation Day**, a revered national holiday in Thailand honoring the formal ascension of **His Majesty King Maha Vajiralongkorn (Rama X)**, there will be **no school on Monday, May 5th, 2025**. This important day commemorates the King's coronation on May 4, 2019, and is rooted in longstanding royal traditions that blend Buddhist and Brahmin rituals. [Coronation Day Poster](#)

Earthquake Red Cross Donation

Dr. Michael and I were honored to represent TCIS in presenting a **donation of 55,000 Thai Baht** to the **Thailand Red Cross**. This contribution was the result of a dedicated fundraising effort by the TCIS community. Our students took the initiative to launch the **Myanmar and Thailand Earthquake Donation Drive**, demonstrating the spirit of compassion and service that lies at the heart of the TCIS community. We are incredibly proud of their commitment to making a positive impact beyond our campus. [Earthquake Red Cross Donation Photos](#)

Earth Day

I would like to extend my heartfelt thanks to all the parents who attended our **ECE Earth Day event**. This special gathering was designed to help our youngest learners develop an appreciation for the planet, its animals, and the natural world. It was delightful to see so many families participate and to hear such positive feedback about the efforts of our **Dr. James, ECE team**, and the **Elementary Student Council**. We look forward to **bringing you more meaningful events** in the future that continue to enrich our school community. [Earth Day Photos](#)

Celebrate the Auspicious of
the Coronation Day of H.M. King Rama X

Dear TCIS Family,

ECE Playtime

It is an absolute joy to come to TCIS every day and be surrounded by happy, playful, and excited children. I am even luckier when I get to join in their play! [ECE Playtime with Dr. James Photos](#)

ECE Earth Day Photos

Thank you again to everyone who made last week's first ever ECE Earth Day an incredible success. Please enjoy the photos of the day's activity. [Earth Day Photos](#)

TCIS Spring Concerts

Our TCIS Spring Concerts are almost here, and I can feel the excitement in the air! Please arrive on time for school (7:20am) to allow students time to prepare for the show. The concert start times are below:

- **ECE Spring Concert:**.....8:00am - 8:45am, Wednesday, May 14th, 2025 [ECE Spring Concert Poster](#)
- **Elementary Spring Concert:** 8:00am - 8:45am, Wednesday, May 16th, 2025 [Elementary Concert Poster](#)

Parking for both spring concerts will be available in the parking garage, the DIY Parking, and the back parking lot. Parking on the basketball court will open up at 7:30am.

Spring MAP Testing

Our MAP schedule will begin on **Monday, May 26th, 2025**. Kindly review the [MAP Testing Schedule](#) for test dates and make-up dates.

- **Homerooms:** On Monday, May 26th, 2025, homeroom teachers will [help students prepare](#) for their MAP test and take a practice test so they understand how to use the application.
- **No Need to Study:** MAP is not a test requiring special preparation. It is designed to reflect what your child has learned and areas they need to improve.
- **How to Prepare:** A good night's sleep and a healthy breakfast will also help them perform their best.
- **During the Test:** We will provide paper and pencils for notes. Students must bring a paper book of their choice to read after they complete the test and wait for others to finish.
- **Optional Items:** Your child may bring a water bottle and a light jacket.

Kind regards,

Dr. James james.cooke@tcis.ac.th

+66 2 751-1201 info@tcis.ac.th

Dear Elementary Parents,

All elementary school students in grades 1, 2, 3, and 4 will participate in the NWEA MAP (Measures of Academic Progress) testing during our testing window from **Tuesday, May 26th to Friday, June 6th, 2025**. This important assessment tool helps us understand and support your child's academic growth throughout the school year. It is conducted at the beginning and end of each school year for grades 1-8. Please review the **Elementary Spring MAP Testing Schedule for Spring 2024/2025** on the next page.

Purpose and Benefits of MAP Testing

The MAP test is designed to measure your child's current academic performance in a way that adapts to their learning level. Unlike traditional tests, MAP provides a personalized assessment experience by adjusting the difficulty of questions based on student responses. This allows us to gather precise data on your child's strengths and areas for growth, helping teachers tailor instruction to meet their individual needs. The results also offer valuable insights for planning future instruction and ensuring that all students are making progress. The results will be shared with parents.

What to Expect

- **Homerooms:** On **Monday, May 26th, 2025**, homeroom teachers will [help students prepare](#) for their MAP test and take a practice test so they understand how to use the application.
- **No Need to Study:** MAP is not a test requiring special preparation. It is designed to reflect what your child has learned and areas they need to improve.
- **How to Prepare:** A good night's sleep and a healthy breakfast will also help them perform their best.
- **During the Test:** We will provide paper and pencils for notes. Students must bring a paper book of their choice to read after they complete the test and wait for others to finish.
- **Optional Items:** Your child may bring a water bottle and a light jacket.

We appreciate your support in ensuring your child is well-prepared for the testing days. The MAP test results will provide us with invaluable information to better support your child's learning journey. If you have any questions, please do not hesitate to contact us.

Kind regards,

Dr. James Cooke
Head of ECE & Elementary

Dr. James Posters : Spring MAP Testing Schedule

Student's Special Achievements Section: Pang

Congratulations to Pang :

Pang joined the Thailand National Figure Skating Championships 2025 and received 1st place of level 1.

Dear High School Parents,

Thank you to those parents who came to the Piano Concerto organized by Dr. Li Chou. It was nice to have the parents come join the audience and enjoy the music from our talented TCIS musicians. We have more concerts coming up towards the end of the month.

G8/G9 Bonding Trip

The grade 8 and grade 9 students enjoyed a Bonding Trip to Top Golf where they had the opportunity to build relationships that will help support the grade 8 students with the transition into high school.

AP Exams

During the Month of May, students have AP exams, so please have your children at school early as tests must start on time and the College Board does not provide additional time for late students. If a student is sick and cannot attend the exam, they must notify the High School Office and provide medical certificates. We want to remind parents to keep students who are not well at home so they do not infect others. Also, on Tuesday we will have our morning assembly so students should arrive before 7:10 am.

Congratulations to our newly elected 2025-2026 Student Council Executives. Well done!

- President: Alisa,
- Vice President: Fei Fei
- Secretary: Yuli.

IELTS Testing

IELTS Testing at TCIS will be provided on May 17th to those TCIS students who have registered with the British Council. All high school students can take the test but it is recommended that every Grade 11 student take it as soon as possible as it is a requirement for acceptances to many universities. If your child has not registered then see [link](#) below and contact Mr. Kevin and Kru Rung.

- The online registration: [Click here](#)

Have a great week!
Kevin Curran
Head of High School

Dear Middle School Parents,

Model United Nations (MUN)

Last weekend, Mr. Andrew hosted our first-ever Middle School Model United Nations competition. It was a meaningful learning experience for all participants and a great introduction to global issues and public speaking. This event also sets the stage for launching a full-time MS MUN Club next year. Students eager to strengthen their academic skills and build their portfolios are encouraged to join.

Calligraphy Contest

Middle and high school students participated in a Chinese writing and calligraphy contest during advisory this week. They combined their knowledge of the Chinese language with artistic creativity. Students showed great focus and effort during the sessions. We look forward to announcing the results next week!

Swimming

This week marked the start of swimming lessons in PE. Grade 7 and 8 students began their sessions during the first block of the day. Class times were extended to ensure students had ample time for changing and activities in the pool. Please remind students to bring the appropriate clothing and be mindful of the schedule change.

Earth Day

While Earth Day is officially a one-day celebration, our lead teachers and student council advisors, Mr. Thomas and Mr. Andrew, turned it into a two-week event. During advisory and break times, students collaborated with their teachers to take meaningful action for our community and the planet. Advisory teams completed various projects and earned house points along the way. We're proud of the incredible involvement from our middle school students.

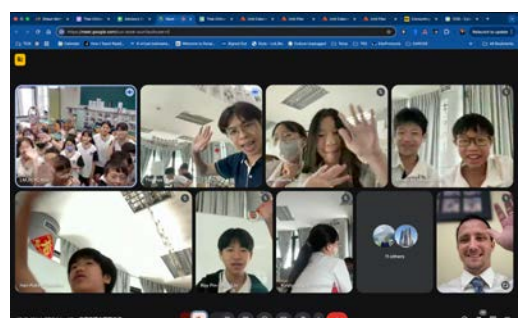

Student Council Assembly

We ended the week—and the month of April—with a celebratory assembly. Grade 8 strings students opened the event with a beautiful performance. Advisory classes shared their Earth Day projects, and our Thai teachers recognized students with Thai Manners Awards. Student Council also announced that applications are now open for next year. Interested students can find details in their advisory Google Classroom.

Visiting Taiwanese School

Grade 7 students met with students from Taiwan online to prepare for their upcoming visit to our school. Students took turn presenting information about their culture and asking questions. We look forward to their visit!

Dear TCIS Family,

ECE Playground Mini-Roofs

This week, two mini-roofs were installed over the ECE stairs to provide protection during rainy weather. These additions will help keep the hallway floors dry and reduce the risk of slips, ensuring a safer environment for our youngest students.

Daily Deep Cleaning of Classrooms

In a vibrant school community with hundreds of students and staff, maintaining a clean environment is essential for health and well-being. To proactively reduce the spread of illness, our dedicated cleaning staff perform a **daily deep cleaning** of all **ECE, elementary, middle, and high school classrooms every day**. We are incredibly grateful to our hardworking maids who tirelessly help keep our learning spaces clean, safe, and healthy for everyone.

Dear Parents,

Thank you so much for your wonderful participation in our Earth Day celebration! We truly appreciate your support with planting seeds, helping with arts and crafts activities, and spending time at the petting zoo. Micha, Jing Hong, Eddie, Tiger and Pordee had a great time and enjoyed every moment of it. It is truly amazing to see how quickly the children are growing! They are gaining important skills like concentration and confidence each day. Through exploration and play, they are learning with enthusiasm and joy. I am proud to see them so motivated and engaged in every activity.

Dear Parents,

The PK3 students had a magical time at our first ECE event, “Growing Together.” Their eyes sparkled with excitement as they explored each activity hand-in-hand with you, their most special guests. Witnessing the joy, laughter, and love shared throughout the morning was heartwarming. The children showed great cooperation as they moved through each station, their smiles reflecting pure happiness. Your presence made the day special—a celebration of connection, learning, and growing together as a community. Thank you for your time, patience, and warmth in joining us on this meaningful journey.

Dear Parents,

In April, we joined the Songkran celebration and Earth Day with our PK3 children. We are happy to see the children enjoy school activities. They are growing and learning every day. We can't wait to have more fun together next month.

Dear Parents,

This month has been short, but it was a wonderful month for our PK4 students. We celebrated Songkran, along with enjoying lots of other fun learning activities in our classrooms.

We explored different ways to add numbers, and one of them was using giant dice to toss and add the numbers together. We also had great literacy time. The students are now able to read short sentences and draw pictures to show their understanding, which demonstrates their comprehension skills. I am very impressed with that! Their creativity during playtime has been amazing as well.

Towards the end of the month, we celebrated Earth Day. It was a fun event with a petting zoo, seed planting, and a recycling project. Thank you to all the parents who came to work alongside our little ones on that day.

Well done, PK4! Keep up your wonderful work for the rest of the school year!

Dear Parents,

Although this month was short, our PK4 students made the most of every moment! They continued to work hard and develop new skills while celebrating special events like Songkran Festival and Earth Day with their friends. This month, the children learned about the Food Pyramid and discovered the importance of eating a balanced diet. They now understand which foods help keep their bodies healthy and strong, and they are learning to make better food choices.

We also explored the shapes and flavors of different fruits, and the children completed a meaningful craft featuring the Chinese character “米” (rice). Through this activity, they learned the value of food and the importance of not being wasteful.

We are so proud of their progress and enthusiasm. Keep it up, PK4!

Dear Parents,

Our kindergarteners have begun exploring persuasive writing, and I am incredibly proud of their efforts! They thoughtfully used their writing skills to advocate for our planet, sharing creative, heartfelt ideas on how we can all work together to save the Earth as responsible global citizens. Their passion and awareness truly shone through each piece they wrote.

To culminate our Earth Day celebrations, the ECE team hosted the "Growing Together" event. Thank you sincerely for your presence, support, cooperation, patience, and love. Your involvement made the event even more special and helped create lasting memories for our young learners. Your encouragement continues to inspire the children to care deeply for the world around them. We are excited to keep growing, learning, and celebrating many more moments together as a community.

Dear Parents,

In April, our kindergarteners enjoyed a fun and fulfilling Songkran holiday. After the break, it feels like everyone has grown up so much! The knowledge they learned before the holiday has become even more solid, and it's wonderful to see that they haven't forgotten what they've learned. Last week's Earth Day activities also brought a lot of joy to our kindergarteners, while teaching them the importance of cherishing resources and caring for animals. We are excited for all the fun events coming up in May!

Dear Parents,

PK3 learned about Thai consonants through a variety of fun activities such as matching consonants with pictures, guessing consonants through gestures, and playing Thai consonant games with music. We also listened to related Thai folktales and sang consonant songs with hand movements.

In addition, we took part in activities related to Thai traditions and culture, such as the water pouring ceremony to show respect to elders and practicing traditional Thai dance. It was a joyful and meaningful learning experience for everyone!

Dear Parents,

In our last theme, PK2 students learned the Chinese names for common classroom items. After the Songkran holiday, we began a new theme : zoo animals. The students were introduced to many animals through (Chinese) songs and movements — for example, waddling like penguins, pretending to have a long elephant trunk, and showing a hippo's big mouth. We also incorporated various craft activities to help develop their fine and gross motor skills about those zoo animals, and we are seeing great progress! Now, they can remember and even recite many animal words in Chinese — they are so amazing!

Dear Parents,

The school year is starting to come to an end but the students have been super busy learning how to control, balance and navigate their way through a bunch of different challenges. ECE students learned how to roll, balance, and jump during our gymnastics unit. After learning the basics we put words to movements! Students had to learn the English word for how to move in relation to objects. This culminated in an obstacle course where students had to zig zag, run around a curve and a circle, run around an object, through a tunnel, over a box and under a bridge! Who knew learning English could be so fun!

The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: <ul style="list-style-type: none">• racial or ethnic origin• political opinions• religious or philosophical beliefs• sexual behavior• criminal records• health data, disability• trade union information• genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get

consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
