Responsible Global Participants

December is the month the Lower School focuses on being responsible global participants.

What does it mean to be a responsible global participant?

Students are responsible for taking care of the world and the environment.

There are many ways we do this at TCIS. We do this by learning about the world and the environment. Students also do special clean ups by picking up garbage. Students in the LS are also responsible global participants because they are take part in many community services efforts. Right now students are donating new or slightly used toys to give to the less fortunate. We believe to be the best we can be we have to care about others .

Thank you for taking part and helping out during this holiday season.

Grade 4 soccer players in action!
Next match after school Tuesday,
come out and support the team.

REMINDER

* After School Safety
We are having difficulties after school when students remain on campus without supervision. Please be reminded our school day finishes at 3:10 and students should go home or go to a school sponsored activity. They cannot remain on campus playing as this is not safe. Thank you for your support.

January MAP Practice Testing

From January 11-15 TCIS will do a short round of practice testing for students. This will be internal testing to give students more practice and will be chance for teachers to collect data to better meet student needs and check for progress.

PK2 sharing the holiday spirit!

Thank you !

A big thank you is needed to the Thai department and support staff for all there work to create such wonderful Loy Krathong last week and a fabulous King's Birthday Celebration this week.

Kings Birthday Celebration

A big thank you also must be given to Ms. Rebekah for her work to put on the Early Childhood Concert this week. We appreciate your time and effort to organize and prepare such a great show. We are all in the holiday mood now!
