Message from Dr. Michael

Dear TCIS Family,

It was another fantastic week at TCIS! Our World Scholar's Cup team has safely arrived in the United States and traveled to Yale University, where they are proudly representing both TCIS and Thailand on the global stage. This prestigious academic competition brings together some of the brightest students from around the world, and we are incredibly proud of our team's hard work and dedication. We also want to express our gratitude to our TCIS Board for their continued support in providing opportunities like this that allow our students to shine internationally.

It was also an exciting week for sports! Our Wolves teams achieved several impressive wins across multiple sports—a true sign of the growth and momentum in our athletics program. This turnaround reflects the tremendous effort, passion, and leadership of our coaches and the dedication of our student-athletes. The spirit, teamwork, and pride on and off the field are stronger than ever. Go Wolves!

In the Elementary and ECE divisions, our Parent Coffee was very well attended and filled with great discussion and energy. Dr. James shared exciting plans for our upcoming Week Without Walls, which promises to offer engaging, hands-on learning experiences for our youngest learners.

Next week will be a quieter one on campus as Grades 5–12 embark on Week Without Walls trips around the globe. From cultural exploration to service and adventure, these experiences are an essential part of our mission to develop global citizens. A huge thank you to Mr. Kevin and Dr. Richard for their incredible planning and coordination, and to Dr. James for launching this initiative in the Elementary Division.

Have a wonderful and safe week ahead, whether traveling or cheering on our Wolves from home!

Regards,

Dr. Michael

Dear TCIS Family,

Parent Coffee Morning

Thank you to all our parents who attended the Week Without Walls Parent Coffee Morning. It was a wonderful opportunity to share upcoming events and hear feedback and ideas from our parent community. [Updated Parent Coffee Morning Slides](#)

Field Trip

Important Field Trip Reminders

- **Arrival & Return:** All students must meet at the TCIS campus and travel with the bus both to and from the field trip location. The field trip experience includes bonding before leaving campus, sharing with the student’s buddy on the bus, and sharing reflections afterward. These are important parts of the field trip experience. Students arriving directly at the location will not be allowed to join. Thank you for your understanding during this bonding and cultural experience.
- **Arrival Time:** Please arrive at school by 7:20am. Pre-bus procedures are critical for safety and schedule management.
- **Late Students:** Buses will depart on time. Students who arrive late must return home with their parents and will be unable to join the trip.
- **Parents:** Please do not arrive at the field trip location.
- **Smart Devices:** iMoos, smart watches, and phones are not allowed. They will be collected from students before leaving the campus and will remain at school.
- **Attendance:** All students are expected to attend the field trip. Non-attendance may be recorded as unexcused. Please notify Ms. Da and the registrar if your child will not attend.

Sports Day – Friday, Nov 14, 2025

We will end Week Without Walls with **Sports Day**. Parents are invited to watch students from the sidelines and bleachers throughout the day and are strongly encouraged to cheer on the students.

Special Event: Parents vs. Teachers Tug of War contest at the end of the day! Last year, parents achieved an amazing victory—let’s see what happens this year in Season 2!

Student Photo Taking Schedule

Student photo taking will take place from Monday, November 17th to Friday, November 21st, 2025. All students must wear their white TCIS uniform. If your child has PE on that day, they will need to bring a change of clothes.

TCIS School-Wide Learner Outcomes: Part of Everything We Do

Global Citizens

Empowered, responsible contributors to local and global communities, embracing intercultural understanding and fostering mutual respect to inspire peaceful, positive change.

Open-Minded Thinkers

Reflective individuals who value cultural awareness, approach new ideas with curiosity, creativity, and thoughtful consideration of multiple perspectives.

Well-Balanced Individuals

Pursuing intellectual, physical, and emotional well-being to support both personal growth and academic achievement.

Optimistic Risk-Takers

Reflective individuals who value cultural awareness, approach new ideas with curiosity, creativity, and thoughtful consideration of multiple perspectives.

Lifelong Learners

Inquisitive, adaptable minds dedicated to growth, welcoming new knowledge, skills, and perspectives across all life stages.

Voices for Collaboration

Empathetic communicators who value diverse viewpoints, working together across cultures to achieve shared goals.

Empathetic Leaders

Caring and principled leaders who act ethically, reflect on their actions, and show a commitment to creating a more compassionate world.

Solution-Oriented Problem Solvers

Innovative and critical thinkers who use knowledge responsibly to address challenges, aiming for solutions that benefit communities worldwide.

Dear Parents,

When Airin, Sweeney, Kate, Cherlyn and Maya work and play together, they learn to share, take turns, and communicate effectively. Collaboration helps them develop empathy, confidence, and patience, while also improving problem-solving and critical thinking skills. By working as a team, they feel a sense of belonging, learn responsibility, and discover the value of supporting and learning from each other. These experiences prepare them for future social and learning situations.

Dear Parents,

It has been another beautiful and ongoing month of learning and discovery for our PK3As! The children had a great time exploring trees, starting with their parts and discovering new vocabulary. They enjoyed identifying and naming each part—roots, trunk, branches, fruits, flowers, and leaves—and assembling them to see how everything connects to make a whole tree. We also learned what plants need to grow, such as sunlight, water, air, and soil. Our hands-on activities made the learning experience even more meaningful and engaging.

Dear Parents,

This month, we learned about the "Four Seasons." The children made a pair of binoculars and used a magnifying glass. They liked finding new things and sharing them with their friends. We are happy to see their curiosity about nature growing.

Dear Parents,

As part of our Four Seasons unit, the children have been learning about **trees** and how they change throughout the year. They explored the different parts of a tree, understanding that roots help keep trees stable while absorbing water and nutrients. The class also discussed animals that live in trees and enjoyed a hands-on learning experience in the garden, observing leaves and tree structures up close. This engaging activity helped students connect their classroom learning to the natural world around them.

Dear Parents,

We had a wonderful month of learning in PK4 !

This month has been full of fun and discovery. We explored numbers, and ordering numbers up to 20 was a big hit! The children loved using tweezers to pick and place small objects on ten frames — such a great way to practice one-to-one counting.

We also had fun forming our names with playdough and solving zigzag puzzles that made us think and problem-solve together. Playing dominoes and “fishing” for words to read brought lots of smiles and excitement to our classroom. Well done, PreK 4! You’ve all been amazing learners, and I’m so proud of how much you’ve grown this month! 🌟

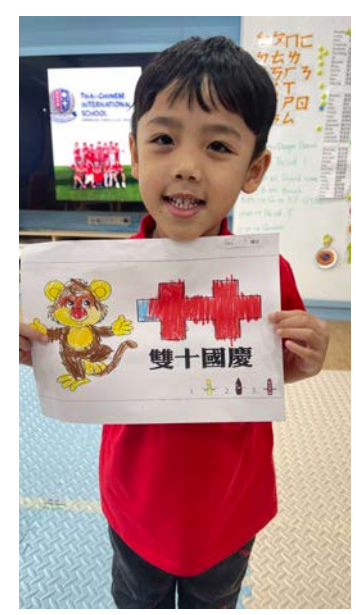

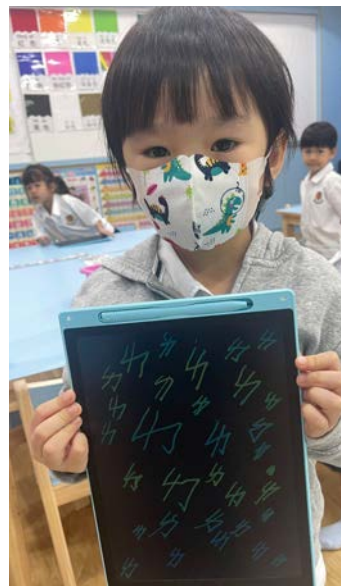

Dear Parents,
October was a joyful and fulfilling month for our PK4 class. We celebrated the Mid-Autumn Festival and Double Tenth National Day, and also enjoyed a well-deserved rest during the October break.

Before the Parent-Teacher Conferences, we learned to recognize Chinese numbers from one to ten (一到十). Each child made progress at their own pace, but what they all shared was great effort and determination. Please join us in cheering for their hard work. Way to go, PK4!

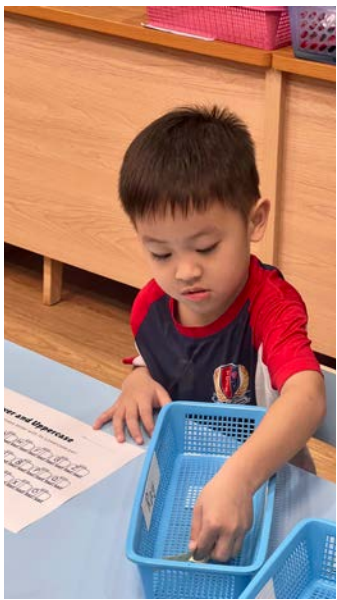

Dear Parents,

This month, students are continuing to explore shapes such as ovals, squares, circles, rectangles, triangles, and stars. We are also working on writing numbers 1-20 and we have introduced sorting and patterns. In our theme lessons, students are learning about families and where they live

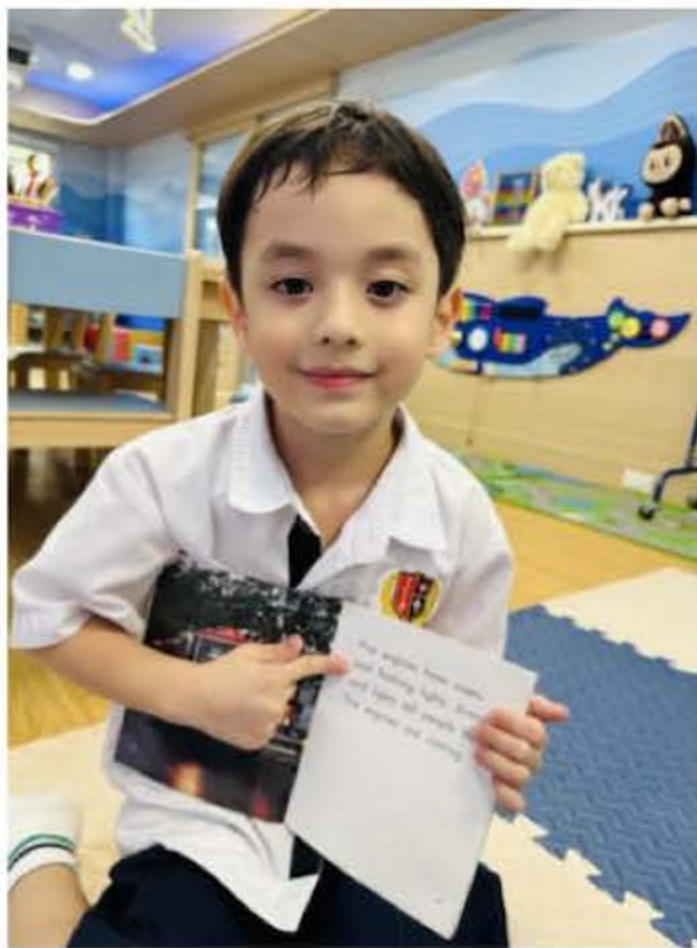

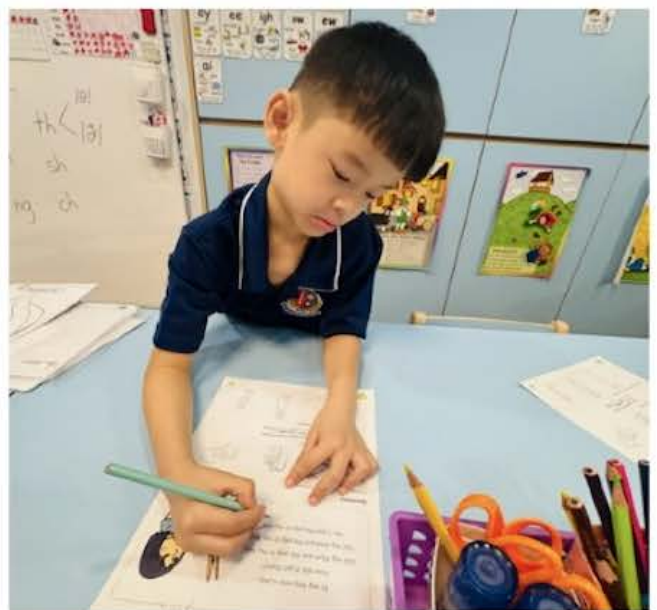

Dear Parents,

What a joyful and exciting week it has been in Kindergarten! Week 11 was filled with creativity, hands-on learning, and anticipation for our upcoming Week Without Walls celebration. Our classrooms were alive with energy as students explored new ideas, strengthened their skills, and shared laughter with friends. They have also been busy rehearsing their song performance, MC parts, and Stick Puppet Show scripts with great enthusiasm—we can't wait for you to see their confident and joyful performances next week!

Dear Parents,

We had a wonderful and busy month! In October, we celebrated Double-Ten Day, enjoyed our October break, and had our Parent-Teacher Conference. It was great to meet many of you and talk about your child's progress. The students are also learning Chinese phonetic symbols and working hard to improve. In addition, we have been learning traditional Chinese dance with our culture teacher. The children enjoyed the lessons, and we hope they will have a chance to show their performance one day!

Dear Parents,

Our Kindergarten students have been working incredibly hard throughout the month of October, and their enthusiasm has made every day an adventure in learning! We kicked off the month by celebrating Double 10 Day with joyful activities and patriotic pride, followed by the exciting moment of publishing our very first storybooks—each one filled with creativity and imagination. To top it all off, we shared laughter and sunshine together during a delightful class picnic!

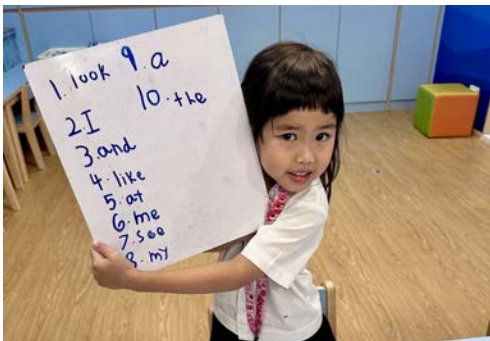

In our lessons, students have been exploring a variety of new and exciting topics. They've been practicing how to sequence stories to understand the beginning, middle, and end, and strengthening their math skills by counting, comparing, and representing numbers up to 10. In science, our curious young learners discovered fascinating facts about plants and animals, observing how living things grow and change.

One of the highlights this month has been caring for our classroom plants. The students have shown such responsibility and kindness, making sure their plants receive just the right amount of water and sunlight. Watching those little green sprouts grow stronger each day has filled everyone with pride and wonder.

Fantastic work, Kindergarten! Your hard work, curiosity, and kindness make our classroom bloom brighter every day. I am so proud of each and every one of you! 🌱💛

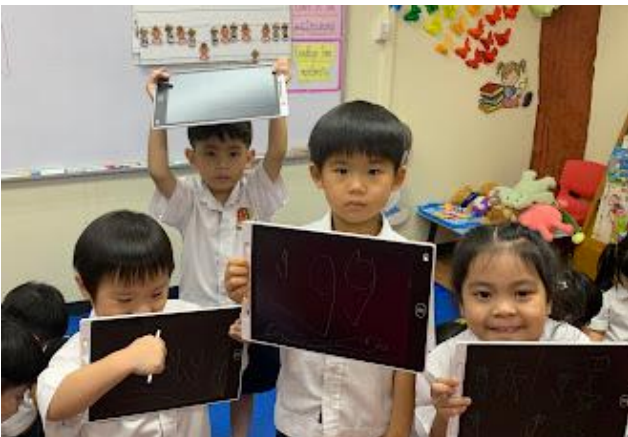

Dear Parents,

PK2 students learn new things and enjoy Thai class activities every day. They develop their fine motor skills through hands-on crafts that align with the lessons. KG students learn long vowels and practice reading and writing long vowel words every day. They also do hands-on crafts related to the lesson content to enhance and reinforce their pronunciation and memory skills.

This month, PK3 and PK4 students focused on learning to read and write Thai consonants. PK3 students learned the letter “**Kho Khai (ข)**”, while PK4 students practiced “**Ngo ngu (ง)**”. Kru Koong designed a variety of fun and interactive activities such as writing, coloring, matching games, playdough modeling, and writing on the smartboard. These activities made learning more enjoyable and helped the children gain confidence in recognizing and writing Thai letters.

Dear Parents,

Over the past two weeks, our PK2 students have been exploring an ocean-themed unit in Chinese! We sang and danced to “魚兒魚兒水中游” (Fishies Swim in the Water), practiced pasting turtles, and completed related worksheets to learn more about sea creatures. The children really enjoyed all the activities! Using the colors and numbers they’ve already learned, we’ve also started practicing simple sentences. With regular exposure to Chinese, we’re confident their listening and speaking skills will continue to improve greatly.

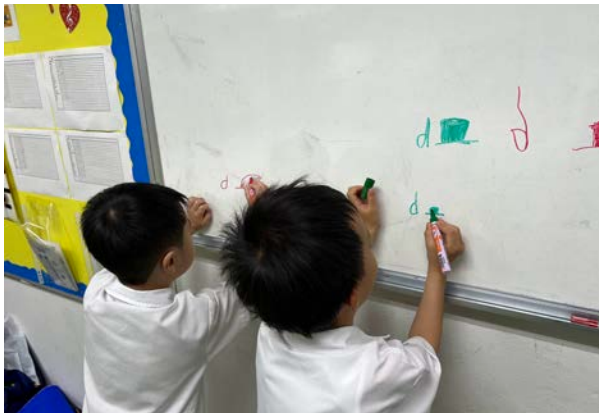

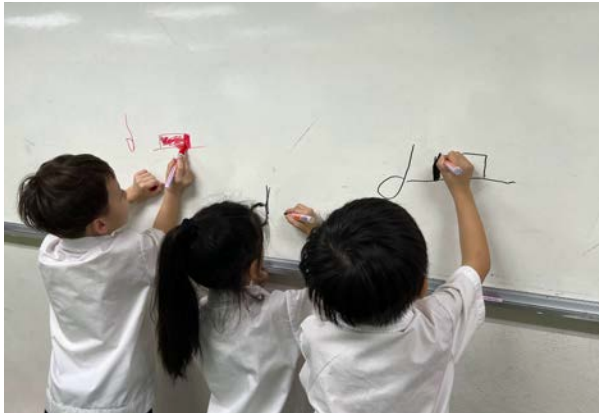

Dear Parents,

Our ECE students have been enjoying a variety of fun and engaging activities in music class! They have been learning to play instruments, singing many different songs, and exploring musical concepts such as *loud and soft sounds*, *rhythm*, and *solfege*.

At the same time, our KG students learned about the *half note* and *half rest* through a song — and now they can draw them as well!

Any personal data pertaining to: • racial or ethnic origin • political opinions • religious or philosophical beliefs • sexual behavior • criminal records • health data, disability • trade union information • genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
