Dear TCIS Family,

It was a wonderful week at TCIS.

The Father's Day ceremony, organized by our Thai Department, was truly beautiful and meaningful. This annual celebration honors His Majesty, the Father of Thailand, a beloved monarch remembered for his compassion, wisdom, and countless contributions to the Thai people. His legacy of service, innovation, and dedication to community continues to guide generations, and our ceremony allows students to reflect on gratitude, respect, and the importance of family—values deeply rooted in Thai culture.

We were also proud to hold the official groundbreaking ceremony for our upcoming campus expansion. Members of the Board and our Class Parent Representatives joined us to mark this exciting moment. The master plan includes four new buildings, representing the largest facilities investment in TCIS history. Construction will progress in phases, and we thank our community in advance for their patience and support as we enter this new era of growth. We have been having great meetings with our community on the functionality of the interiors and hope to share those with the community soon. If you have not viewed the 3D model of the new buildings, please drop by the Registrar's Office to see it as well as the beautiful live Christmas tree.

In addition, the Board has approved the installation of 61 brand-new air conditioning units in the High School building. These upgrades will begin in the coming weeks. These upgrades will significantly improve air quality, temperature consistency, energy efficiency, and overall classroom comfort. As research consistently shows, a well-regulated learning environment directly supports student focus, academic performance, and overall well-being—making this a meaningful investment in our students and teachers. As we start to focus on a complete overhaul of the Elementary and High School buildings, these beginning projects are great for students to see how much support the school board places on keeping their environment not only beautiful but functional.

We look forward to sharing continued updates as our campus transforms to better support learning today and for decades to come.

Regards

Dear TCIS Family,

**Father’s Day Celebration and Community Service Highlights**

This week, our Thai Department proudly organized a heartfelt Father’s Day ceremony filled with wonderful student performances from all divisions. The event showcased the talents of our learners and their appreciation for this meaningful occasion. We would like to express our sincere gratitude to the Music Department for their exceptional cooperation and support in creating such touching and memorable performances.

Moreover, our High School students presented a **special exhibition** featuring the King’s Projects, providing valuable information and meaningful learning opportunities about the late King Bhumibol’s remarkable initiatives. In addition, TCIS once again participated in the annual **Soi Clean-Up Project** with Mooban Bangpleenivej. This community service activity is held in remembrance of His Majesty the late King Bhumibol Adulyadej and his lifelong dedication to environmental stewardship. Our students, Dr.James, Dr.Richard, Mr.Kevin, Kru Buab, Kru Ben, Kru Toomtarn, Mr.Shaun, and Kru Rung worked together to help keep the neighborhood clean, reflecting the late King’s vision of sustainability, responsibility, and service to the community.

We are proud of our students for embodying these values and making positive contributions to the world around them.

**Songkhla and the Southern Thailand flooding relief**

With the collaboration and leadership of our wonderful TCIS clubs—Animal Welfare, NAHS, NEHS, and NJHS—we successfully organized a fundraising event by selling various items to collect donations for Songkhla and the Southern Thailand flooding relief efforts.

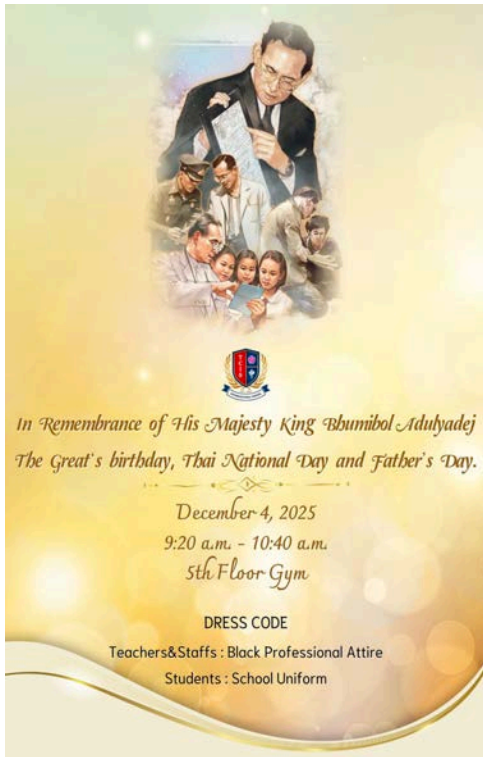

We would like to extend our heartfelt thanks to the clubs mentioned above, as well as to Interact, Red Cross, Aidlink, and NHS for providing the donation boxes. A special thank-you goes to the Interact Club for continuously helping to source donation items and prepare them for delivery.

Thank you to all parents, teachers, and students for your generosity and support. We have currently collected over **฿40,000**, and donations will continue to be accepted until **December 12**.

Together, we truly make a difference.

Regards,

Dear TCIS Family,

### Father's Day

A sincere thank you to our Thai teachers and all the students who helped make the Father's Day ceremony truly special. Each performance — the Music Department's King in Fairy Tales, the middle school students' dance Nai Luang Khong Phan Din, the Grade 4 students' singing of Ton Mai Khong Por, and the high school students' traditional Thai dance Rabam Ayutthaya — showcased not only remarkable talent but also the deep respect our community holds for this important part of Thai culture. ### Groundbreaking Ceremony

December 4th, 2025 was a big day for TCIS, as we officially broke ground on our new campus facilities expansion! It was wonderful to have Mr. Frank, TCIS Board members, Class Parent Representatives (CPR), and guests with us to celebrate this milestone. With four new buildings on the way, this is a very ambitious project.. Construction is underway, and we thank everyone for their understanding, patience, and enthusiasm during this time. ### Winter Concerts - 7:45am, December 9th and 11th, 2025

Ms. Rebekah and students have been working hard on the upcoming TCIS Winter Concerts.

This year, **all students in ECE and elementary will wear their white TCIS uniform for their concert performances.**

### Soi Clean-Up

The TCIS Thai Department teamed up with the head of Bangplee Nivej Village and local residents for a neighborhood cleanup. Students, Thai teachers, and the administrative team all pitched in to help, demonstrating how small local actions can make a meaningful impact on the wider community. [Soi Clean-up Photos](#)

Dear Parents,

Kate, Airin, Sweeney and Cherlyn are becoming happy, confident, and independent learners in school because they are in a supportive environment that encourages exploration, self-expression, and positive reinforcement. Their learning environment provides a space for them to grow emotionally, socially, and cognitively, all while gaining confidence in their own abilities and learning to navigate the world around them. The combination of routine, supportive adults, peer interactions, and engaging activities all contribute to this positive adjustment.

Dear Parents,

PK3A has just concluded our Seasons of a Tree unit, and the children enjoyed it. They explored how trees change in each season through hands-on activities, stories, and songs. The students showed great curiosity as they observed colors, textures, and weather patterns. They also practiced important skills such as vocabulary building and expressing their ideas confidently. Overall, this unit helped deepen their understanding of nature and brought lots of excitement to our classroom.

Dear Parents,

What a full and exciting November! We enjoyed a whole week of fun activities during Week Without Walls, which surely created wonderful memories for our PK3 students.

Dear Parents,

The students in 3C have grown so much in confidence and independence these past few months. They take learning in their stride and approach each day with a positive attitude to engage in the school environment. They are currently working on math recognition skills, learning about Farm Animals and had a wonderful time during our Week Without Walls. Keep up the excellent progress you are making.

Dear Parents,

November was a truly exciting and productive month for our class. We enjoyed a wonderful Week Without Walls filled with engaging, fun-filled activities each day. The month's highlight was the final day Sports Day where our students proudly participated in a variety of games and obstacle races. It was a joy to see their teamwork, energy, and enthusiasm shine.

In the classroom, we continued the fun with hands-on learning activities, including creating our number caterpillar up to 20, which helped strengthen number recognition in a playful way.

Overall, November was a month filled with laughter, learning, and unforgettable memories. Our students enjoyed every moment, and we are proud of all the growth we have seen.

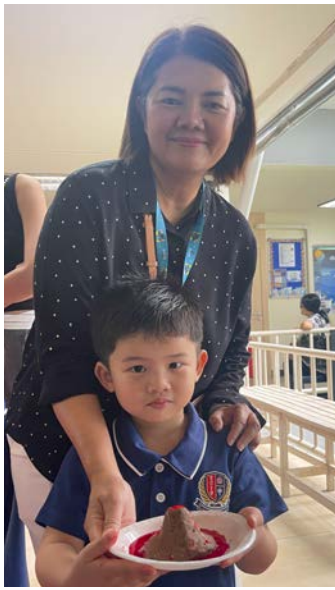

Dear Parents,  
November was a month full of excitement for our PK4 class. We successfully completed Week Without Walls and Sports Day, and we truly appreciate all the parents who joined and supported these events. With your participation, the children were even more engaged and motivated to take on each challenge with energy and confidence.  
In Chinese class this week, we began observing different types of weather. Please remind your child to drink more water on hot days, wear extra layers when it is cold, and wash their hands regularly to stay healthy.  
Thank you for your continued support. Let's keep growing and learning together, PK4!

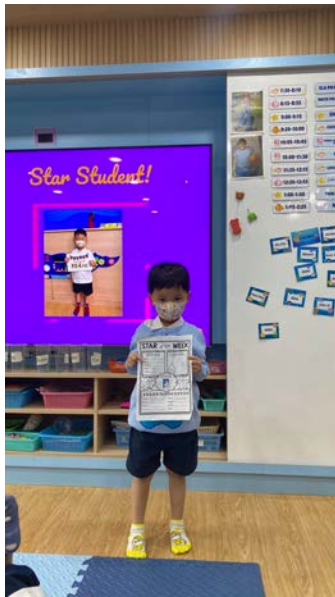

Dear Parents,

This month, our students made exciting progress across several learning areas. In literacy, they have begun mastering letter recognition and letter sounds, growing more confident each day as they connect letters to the sounds they hear in words. In math, we explored patterns, and students practiced identifying, copying, and creating patterns using colors, shapes, and everyday objects. In science, we learned about different types of weather and discussed how sunny, rainy, cloudy, windy, and snowy days can change the world around us. It has been a month full of curiosity, hands-on learning, and wonderful growth!

Dear Parents,

November had been a wonderful month filled with meaningful learning and genuine fun. From the excitement of Week Without Walls—where children explored, discovered, and learned beyond the classroom—to our daily lessons, the month offered many rich experiences. The children continued to grow in language arts, math, and STEAM, practicing decoding skills, building number sense through hands-on activities, and learning about plants and their parts. It has truly been a month of curiosity, growth, and joyful learning.

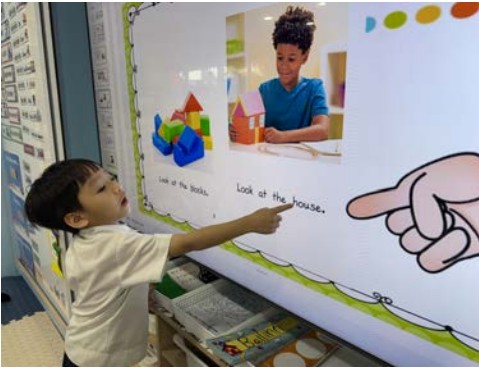

Dear Parents,

Last month, Kindergarteners continued learning Chinese through the theme of food while also participating in many school events. While these experiences were enjoyable for the children, they also brought some challenges to our regular learning routine and classroom schedule. This month, we are working on compound finals in Pinyin/Zhuyin—a challenging but important step in early reading. Kindergarteners worked hard and had a productive month.

Dear Parents,

November has been a bright and busy month, bursting with wonder, wiggles, and WOW moments! Our classroom felt like a cozy autumn rainbow as the children learned, explored, and laughed together. One of our biggest adventures was Week Without Walls, when the children became little explorers—discovering new places, spotting exciting things, and learning outside our classroom walls! Their eyes were full of sparkle as they tried new activities and shared new ideas. Inside the classroom, our learning was just as magical. In language arts, the children practiced sounding out letters like tiny reading superheroes. In math, they built strong number muscles with fun, hands-on activities—counting, sorting, and solving little number puzzles. During STEAM time, the children learned all about plants, from roots hiding in the dirt to leaves stretching up to the sky. November was truly a month of curiosity, giggles, growing minds, and joyful learning. We are so proud of all the amazing things the children did!

Dear Parents,  
 PK2 Mini Beach Bottle Project ,Students learned about how sea animals live safely when the environment is clean and free from trash. They also explored the importance of protecting our oceans, keeping beaches clean, and taking responsibility for caring for the environment through this hands-on activity. KG students are learning to make sentences using the vocabulary they have learned. This helps them practice thinking skills and forming correct sentence structures.

Dear Parents,

This month, the PK4 students learned about trees, their parts, what helps them grow, and the benefits they provide. The children explored the outdoor environment, planted flowers, took turns watering them, and recorded the growth of their plants. Meanwhile, the PK3 students practiced reading and writing the Thai consonant “ข ขวด ” and learned about the uses of bottles and how to dispose of them properly.

Dear Parents,

Our Chinese themes continue to rotate so the children can review and remember more deeply through repetition. Recently, we have been learning and recognizing the written forms of Chinese numbers, and the students practiced counting through songs and fun number games. They are now able to count really well in Chinese! PK2 students are also continuing to learn colors, along with age-appropriate hands-on activities that support their development. The children enjoy these lessons very much and have shown wonderful progress.

Dear Parents,

Sports Day was a fantastic success! Our students showed incredible energy, teamwork, and school spirit throughout each event, and it was wonderful to see families cheering them on and celebrating their achievements. The smiles, laughter, and determination on the field made the day truly memorable for everyone involved. As we wrap up this exciting celebration, we're now looking forward to our upcoming **gymnastics unit**, where students will build strength, balance, flexibility, and confidence through a variety of engaging activities. We can't wait to continue the fun and learning in PE!

## Personal Data Protection Act (PDPA)

### The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.  
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: <ul style="list-style-type: none"><li>• racial or ethnic origin</li><li>• political opinions</li><li>• religious or philosophical beliefs</li><li>• sexual behavior</li><li>• criminal records</li><li>• health data, disability</li><li>• trade union information</li><li>• genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.</li></ul>

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or

disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

## Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
