## Message from Dr. Michael

Dear TCIS Family,

It has been another great—and very busy—week at TCIS!

On Friday, our High School Drama class, under the direction of Mr. Yuda, gave a wonderful performance. Drama is such a powerful part of student learning, and it offers many benefits, including:

1. Building confidence through performance.
2. Developing creativity and imagination.
3. Strengthening communication and public speaking skills.
4. Encouraging teamwork and collaboration.
5. Providing a healthy outlet for self-expression and emotional growth.

This is only the first year of the drama program, and our students are already showing remarkable growth. We are also excited to announce that the spring musical will be *Matilda*—a production we are all eagerly anticipating!

Our Chess Tournament was also a great success. Thank you to all the students who participated and to the many who volunteered their time to help make the event run smoothly.

In addition, we are proud to share that Mr. Tony and Ms. Carol represented TCIS in presenting a donation to the local Thai Red Cross. This act of giving reflects the spirit of service and community that we value deeply at our school.

Meanwhile, creativity is in the air with Inktober 2025! Everyone in TCIS is encouraged to join in this annual celebration of art. The prompt list and free drawing paper are available outside the HS Art Studio (Room 3-31), along with an envelope for submissions. Participants can drop off their drawings there, and Ms. Elizabeth together with the NAHS will curate the work for a display on the 3rd floor of Building 3 throughout the month. We look forward to seeing the artistic talents of our community on full display!

Finally, a big congratulations to the TCIS FASCA Club Dance Team, who were honored to perform at the Mid-Autumn Festival Gala hosted by the Taiwanese Association of Thailand on September 27, 2025. Under the dedicated guidance of Mr. Tony, Mr. Thomas, and Dr. Jessica, our students invested countless hours after school and on weekends to prepare for this special event. Their effort truly paid off with a stunning performance that wowed the audience and made our school very proud.

Thank you, as always, for your support and encouragement. Together, we make TCIS a vibrant, inspiring place for our students to grow and thrive.

Regards,

Dr. Michael

The poster features a central white rectangular area with a green border. Inside the border are various school-related icons: a graduation cap, a red apple, a blue backpack, a yellow ruler, a pair of scissors, a paint palette, a pencil, a globe, a calculator, a pencil, a notepad, a book, and a leaf. The TCIS International School logo is at the top center of the white area. Below the logo, the text "TCIS PRESENTS" is written in black. The main title "GRADES 1&2 DIORAMA DAY" is in large, bold, black and red letters. Below the title, a paragraph of text describes the event. At the bottom, there are icons for a calendar, a location pin, and a list of animals: a giraffe, a penguin, an eagle, a panda, a tiger, a dolphin, a koala, a flamingo, a snake, and a turtle.

### Solution-Oriented Problem Solvers

Innovative and critical thinkers who use knowledge responsibly to address challenges, aiming for solutions that benefit communities worldwide.

Dear Parents,

Airi, Kate and Seeney have now become confident and happy learners at school. They have adjusted very well to their new environment and routines, showing excitement and joy each day. They are able to perform tasks successfully, often completing them with enthusiasm and pride. Their cheerful smiles reflect their happiness at school, and they demonstrate eagerness to finish their work on time. It is wonderful to see their growing independence, confidence, and positive attitude toward learning.

Dear Parents,

What a joyful 6th week we've had at school! Our classroom has been buzzing with fun learning experiences that supported the development of our little learners' fine motor, social, and cognitive skills. The children loved engaging in hands-on activities, working side by side with their friends, and discovering new concepts in creative ways. It has been such a delight to watch their confidence shine as they practice sharing, taking turns, and expressing their ideas. Each day, they are growing into more independent and curious learners, building skills that will help them thrive as lifelong learners. We are truly proud of their progress and can't wait to see all the wonderful growth and learning that the coming weeks will bring.

Dear Parents,

Over the past month, PK3B has enjoyed many fun learning activities together. We made our favorite ice cream using droppers, played number bowling, and practiced using scissors. The children were very interested in these activities and were not afraid to try. PK3B are learning with joy and growing with confidence. We are proud of their curiosity and willingness to try new things. We look forward to more fun and exciting learning experiences together.

Dear Parents,  
In 3C class, we have been working on our number recognition skills and the students participated in bean bag scavenger hunt games. The excitement of searching for numbers and letters was not only enjoyable, but created an atmosphere of learning through play. We continue to work on letter strokes and assembling letters using popsicle sticks. Friendships have been made and social interaction is growing in our class. Well done to the 3c students for their perseverance.

Dear Parents,  
September has been a wonderful month filled with exciting activities. The children have settled beautifully into the new school year and are eagerly engaging in all that's offered to them. In STEM, they explored the five senses—focusing on touch, sight, and even tasting different flavors, which was a thrilling experience for them. They also practiced recognizing numbers and quantities, worked on high-frequency words, and even began forming short, simple sentences. I am truly amazed by our little ones' eagerness to learn and their joyful participation in each hands-on activity. Way to go, PK4 students!

Dear Parents,

September was a busy and exciting month for us in PK4. We celebrated Spirit Week and the 30th Anniversary of TCIS with fun activities together.

We made great progress in learning. We practiced Zhuyin ㄅ ㄆ ㄇ ㄏ and explored topics about ourselves, including our bodies, emotions, and family. We also completed small crafts and enjoyed games together, building social skills and having lots of fun.

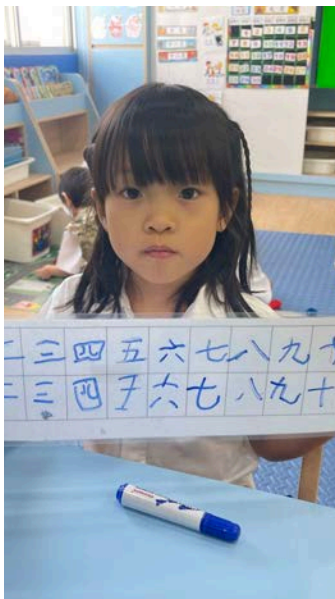

We are proud of our curiosity and growth this month. Keep up the great work, PK4!

Dear Parents,

This month has been filled with exciting learning and celebrations! Students took part in a very special event—the 30th anniversary of our school. They enjoyed celebrating this milestone together as a community.

In the classroom, students have made wonderful progress in writing their names with growing confidence and independence. We have also been practicing shape recognition and using those shapes creatively to build and design different items. This hands-on learning has been a fun way to strengthen both math and fine motor skills.

It's been such a joy to see how much the students are growing each week, and we look forward to more learning and fun in the month ahead!

Dear Parents,

Our young learners have been having a wonderful time exploring new skills and ideas! They are learning to express themselves with confidence, share their thoughts openly, and listen to and value the perspectives of others. Through engaging activities, they continue to grow in their ability to collaborate, problem-solve, and think creatively. It is inspiring to see their joy in learning and the confidence they gain as they work together and support one another.

Dear Parents,

We had such a wonderful month in kindergarten! The children have been busy exploring, learning, and having fun together. Our kindergarteners are settling into school life and learning classroom routines. We are practicing listening, waiting for turns, and working together every day. In October, we will celebrate the Double Tenth Day and enjoy fun activities for the Mid-Autumn Festival. It will be a wonderful month of learning and celebrations!

Dear Parents,

Kindergarteners enjoyed a joyful and enriching month of exploration and growth in school. In mathematics, students engaged in hands-on activities that strengthened their understanding of number sense. They practiced comparing numbers using the concepts of greater than, less than, and equal to, while also discovering multiple strategies to compose and decompose the numbers 5 and 6. They also developed critical thinking and problem-solving strategies. In literacy, the children delved into word families, which support early phonics development and strengthen their ability to recognize spelling patterns. They also practiced retelling key details from our Star Storybooks, an exercise that fosters comprehension, sequencing, and expressive language skills. This work helps lay the foundation for strong reading fluency and confident communication. It has been inspiring to witness their enthusiasm, curiosity, and progress, and I look forward with excitement to all the milestones yet to come.

Dear Parents,

PK2 students enjoy learning every day, while our KG students are dedicated to practicing reading and writing in Thai class.

Last week, during the Wai Kru Ceremony, the children expressed gratitude to their teachers by making thank you cards and showing respect.

Dear Parents,

"This month, our PK3 students have been exploring straight lines, zigzags, curves, and circles. They also learned about houses and sunflowers. The children enjoyed creating train tracks by drawing different line patterns, starting from TCIS, passing by their own houses, and arriving at a beautiful sunflower field."

"For PK4 students have been learning about the life cycle of a chicken and practicing writing the Thai consonant 'ข ขั' They enjoyed molding playdough into the shape of 'ข ขั' and also had the opportunity to go to the board and write the letter using their favorite colored markers. In addition, the children gained valuable experience working in groups and presenting their work in front of the class, helping them build confidence and encouraging them to express their ideas freely."

Dear Parents,

In the past few weeks, PK2 students have been learning the colors red and green in Chinese, along with fun themes like traffic lights and watermelon. They enjoyed playing the “Red Light, Green Light” game, singing the Watermelon (西瓜) Song, and completing related worksheets. We also played games and practiced activities that help strengthen their fine motor skills.

As part of our “All About Me” unit, we have started learning how to say “I like...” in Chinese. And the PK2 students sang the song “I Like(我喜歡)” together.

Dear Parents,

Over the past month, our ECE students have been creating artworks based on their learning experiences with colors and fine motor control through various fundamental techniques. These included finger painting for PK2, drawing with geometric shapes for, watercolor painting, and practicing control by keeping colors within defined shapes PK3 and PK4. In KG art classes, the use of lines to form patterns was explored, which can be used in their real life. All of our ECE students enjoyed the creative process, produced wonderful results, and beautifully expressed their creativity and imagination. Well done, students, we are very proud of you all!

## Personal Data Protection Act (PDPA)

### The Thailand Personal Data Protection Act (PDPA)

- The **Personal Data Protection Act B.E. 2562 (2019) (PDPA)** was published on 27 May 2019 in Thailand's Government Gazette.  
([English](#), [Thai](#))
- The PDPA is under the supervision of the Ministry of Digital Economy and Society and the main supervising authority of the PDPA is the Office of Data Protection Committee (Office).
- School is the "Data Controller" means a person or juristic person having decision-making on the collection, use, or disclosure of personal information (PDPA Section 6).

Personal Data	Sensitive Data
Any information relating to a natural person, which enables the identification of such person, whether directly or indirectly, but not including information of deceased persons.	Any personal data pertaining to: <ul style="list-style-type: none"><li>• racial or ethnic origin</li><li>• political opinions</li><li>• religious or philosophical beliefs</li><li>• sexual behavior</li><li>• criminal records</li><li>• health data, disability</li><li>• trade union information</li><li>• genetic data, biometric data, or any data which may affect the data subject in the same manner as to be prescribed by the PDPC.</li></ul>

In essence, the PDPA is designed to protect a data owner from the unauthorized or unlawful collection, use, or disclosure and processing of their personal data. As with Europe's GDPR, for example, websites will have to include simple and straightforward language, and receive clear consent from each user, before (or at the time of) collecting such data, using it in any way, or passing it along to third parties.

Another key aspect under the PDPA is the requirement to inform the data subject of (i) how their personal data will be used by the data controller, (ii) whether personal data will be disclosed to a third party, and (iii) of the data subject's rights to their personal data. This must be done at the time the personal data is being collected from the data subject.

The rights of data owners under the PDPA include the following:

- Right to be informed
- Right to access
- Right to data portability
- Right to object
- Right to erasure/ right to be forgotten
- Right to restrict of processing
- Right to rectify

Even foreign entities will need to follow the rules spelled out in the PDPA, as long as they deal with any activities that are related to the processing of personal data such as offering of goods and services or monitoring of users' online behavior, from users who are based in Thailand.

There are both criminal and civil liabilities for breaches of personal data privacy. For instance, the collection, use or disclosure of sensitive personal data illegally is liable to a fine of five million baht on conviction. Collection, use or

disclosure of general personal data without a legal basis is liable to a three million baht fine on conviction, and failing to get consent from data's owner or refusing the data's owner access to their personal data is liable to a one million baht fine on conviction.

If the unauthorized use or disclosure of personal data causes damage to other people or subjects other people to hate, shame or contempt, violators may face six months in prison and/or a fine of 500,000 baht on conviction.

Please see the school website for current [PDPA](#) information.

## Nurse: School Health Services

The Nurse Clinic is a spacious and well staffed facility at TCIS that can accommodate several students at any given time of the day. The Nurse Clinic is open daily from 7:00 a.m. to 4:00 p.m. The clinic is located on the ground floor next to the storeroom and staffed by a registered nurse and one nurse's aid. The clinic treats all minor injuries occurring at school. The athletics program has a school nurse who works until the sports games finish.

The clinic stays in touch with the Ministry of Public Health to keep abreast of health notifications. Current vaccination information is sent out to parents for their information and written consent. Students in grade 1 thru grade 6 may get some vaccinations from our nurse according to the Thai Ministry of Public Health. Records of previous vaccinations are kept on file with the school nurse.

A worldwide, comprehensive (24-hour) accident insurance coverage is provided for all students up to 60,000 baht yearly.
